General Information

Short summary

Austrian metal construction company is looking for a company that offers polishing work. Specifically, they are looking for a company to polish flat steels (initially 40/10mm, later also other dimensions), material 1.4404, length 3m.

Full description

The Austrian metal construction company was founded in 1949. Within 5 decades, it has built up extensive know-how in these areas: Plant construction, container construction, tank construction and the manufacture of boat fittings. Their products are used by partners and customers worldwide. They have a solid partner network, reliable suppliers and an in-house design office. This enables them to process orders quickly and efficiently. The current order situation makes it necessary to look for further reliable and trustworthy business partners. In particular, they are looking for companies that carry out polishing work. Specifically, they are looking for a company to polish flat steels (initially 40/10mm, later also other dimensions), material 1.4404, length 3m.
