General Information

Short summary

A Taiwanese manufacturer of mobility aid vehicles, certified by ISO 13485/CE/EN 12184, specializes in high-quality folding and portable mobility scooters and power wheelchairs for the elderly and disabled. The company seeks business partners in Europe for B2B, OEM, ODM, and commercial agreements.

Full description

A Taiwan-based company specializing in developing and manufacturing mobility scooters and power wheelchairs for elderly and disabled users, is looking for international partners. Established in 1989, the company has been dedicated to producing high-quality mobility solutions while adhering to the latest industry standards to ensure compliance with international regulations.

With extensive experience in global markets, the company has established commercial relationships in Europe, Asia, the USA, Canada, Australia, New Zealand, and other regions.

The company is interested in establishing partnerships and is open to commercial and supplier agreements to provide mobility scooters to international markets.

Advantages and innovations

1. Our mobility scooters are renowned for their superior quality, prioritizing safety, convenience, and ease of use.
2. Key features:
 - Durable, lightweight, folding, and portable – ideal for travel.
 - Designed for both indoor and outdoor use – ensuring versatility.
 - Enhanced safety feature: ESC – providing extra protection.
3. We proudly deliver innovative mobility solutions to global markets, earning a reputation for quality and reliability.
4. Create your own brand, logo, or private label of Mobility Scooters with our ODM models.
5. Certified by CE, ISO 13485, and more – ensuring compliance with international standards.
