General Information

Short summary

The Romanian company is specialized in the collection, recovery and ecological recycling of pallets, euro pallets and wooden crates or boxes, as well as other packaging containing wood and is looking for pallet manufacturers/distributors based on the commercial agreement.

Full description

The Romanian company have more than 20 years experience, and is located in the Center of Romania.

Over the years, due to integrated management and other logistical developments that have been implemented, the company had a dynamic expansion. The management of different projects became part of the company's activity portfolio, mainly consisting of sale-purchase, in the collection, recovery and ecological recycling of pallets, euro-pallets and wooden crates or boxes. The company would like to expand its representation activities in EU.

The Romanian company distributes the following products nationally, as well as within the European Community:

- new pallets of different sizes and models (the number of elements, width or thickness of the pallet are according to customer specifications)
- euro wooden pallet: 800 x 1200 mm
- wooden pallet: 800 x 1200 mm

- wooden pallet: 1000 x 1200 mm
- wooden pallet: 800 x 600 mm

The Romanian company can provide pallet transport and lifting services for large quantities and ensures the integrity of each wooden pallet or packaging that re-enters the economic circuit.

The Romanian company can represent both SME and large companies that have ambition to expand their sales outside their own market.

The company is willing to be a commercial agent of producers of pallets and euro-pallets based on the commercial agreement. The company has many years of experience in international trade and established business relations with partners from countries all over the world. The company would like to expand business cooperation and is looking for foreign partners mainly from EU countries

Advantages and innovations

Strengths: high professional experience, high quality standards and knowledge.

The Romanian company treats the problem of waste and pollution very seriously, which is why it is actively involved in maintaining a clean, healthy and beautiful environment.

Technical specification or expertise sought

The company is looking for partners who sell wooden pallets in good condition, euro pallets and lifting frames for their introduction into the commercial circuit. The company wants to collect euro pallets in particular.
