General Information

Short summary

The established German company is an innovative and leading manufacturer of office furniture. They produce high-quality and modern desks, tables, containers, chairs and office system furniture. They are looking for a manufacturer of stool frames (bent wire parts) for their newly developed chair. Cooperation under a commercial agreement is offered.

Full description

The German renowned and experienced company specialises in the production and distribution of high-quality office furnishing systems. Desk systems, meeting and conference tables, cabinets, containers, caddies and movable wall systems are developed and manufactured by the 1872 founded, medium-sized company.

In recent years, the company has developed into an innovative office furniture manufacturer with international recognition in a difficult market. Their products stand for modern, award-winning design, coupled with the highest quality and a high standard of service and customer friendliness.

The company is looking for a manufacturer of stool frames (bent wire parts) according to drawings. The parts will be used as frame for their self-designed chair. A first sketch is attached herewith. The stool is planned to come in three

heights. The shape is just a concept - the German company is open to discuss suggestions. Quantities depend on possible price scales, delivery times, etc.

N.B.: To complete the stool, there are additional partner searches for further elements:
BRDE20250918014 looking for a manufacturer of molded wooden parts as seat shell
BRDE20250918013 looking for a company to have stools chrome-plated

Cooperation under a commercial agreement with partners who offer high quality is sought.

Advantages and innovations

High-quality, innovations, highest design standards as well as ecological, economic and social sustainability are very important to the company. They are certified according to DIN EN ISO 9001 and DIN EN ISO 14001 for its integrated quality and environmental management system.
In addition to design, quality and sustainability, however, it is equally important for them to be an exemplary employer and fair partner.

Technical specification or expertise sought

The German company places a great deal of emphasis on sustainability and high quality, thus the sought partner need to supply products of high-quality.
