## General Information

### Short summary

A Ukrainian company specialised in aluminum profiles for glass would like to collaborate with European partners within the frame of commercial agreements.

### Full description

The Ukrainian company was founded in 2009. It all started with the small team, thanks to its narrow specialization, it has become professional and highly effective. Soon the company launched its own production of aluminum profiles for glass, which made it possible to consolidate its leadership in this niche. Expanding its own production and accumulating experience, the management of the SME entered into a number of international agreements, which made it possible to become an official supplier of fittings for glass structures for such European brands as Minusco-Colcom and Schlechtendahl & Söhne GmbH & Co. KG (WSS). More specifically, they manufacture and assembly:

- Aluminium door frames glass doors;
- Concealed door frames;
- Aluminium profiles fixed glass panels;
- Sliding door systems;
- Sliding systems glass hardware;
- Railing canopy systems.

The SME is interested in cooperating with partners from Europe under commercial agreements. By concluding such

partnerships, they intend to grow their client portfolio, enter new, foreign markets, and thus satisfy an ever-growing demand for high-quality, novel construction materials.

#### Advantages and innovations

- Full cycle: has everything: its own production of aluminum systems for glass, powder coating on the RAL scale, machining, milling work and complete set of necessary accessories.
- Innovativeness: the SME researches developed markets, borrows innovative developments and creates new products taking into account the needs of consumers. From the search for an idea to its implementation in just 2 months.

#### Technical specification or expertise sought

#### Stage of development

**Already on the market**

#### IPR Status

**No IPR applied**

#### IPR Notes

#### Sustainable Development goals

**• Goal 12: Responsible Consumption and Production**

## Partner Sought

#### Expected role of the partner

They would like to sign commercial agreements with European partners who have a particular construction-related interest in aluminum glass systems for indoor and outdoor use. Interested parties should provide, upon request, technically specific information about the projects in question, as well as point-on information regarding design-related specificities and product delivery expectations.

#### Type of partnership

**Commercial agreement**

#### Type and size of the partner

- **SME 11-49**
- **SME 50 - 249**

## Dissemination
