General Information

Short summary

With over 20 years of experience, we specialize in developing high-tech IT solutions tailored to insurance, hospitality, and other industries. Trusted by global brands like MyCheck, ReviewPro, and PZU, we deliver end-to-end services, including front-end and back-end development, cloud solutions, and comprehensive product lifecycle support. Leveraging cutting-edge technologies such as Java, ReactJS, and AWS, we craft innovative, scalable solutions that drive efficiency.

Full description

Founded in 2002, ProfITsoft is a trusted developer of high-tech IT solutions, delivering over two decades of expertise in industries including insurance, hospitality, and e-commerce. Known for its commitment to innovation and quality, ProfITsoft supports businesses worldwide with tailored development and testing services, bringing transformative digital products to life.

Core Services and Technologies:
- Front-End Development: ReactJS, Angular.js, HTML5, CSS3, jQuery, Bootstrap, JavaScript, TypeScript.
- Back-End Development: Java 11+, Spring, REST, SOAP, Hibernate, Docker, NodeJS, TypeScript.
- DBMSs / Message Brokers: MS SQL, PostgreSQL, Oracle, MySQL, MongoDB, ElasticSearch, RabbitMQ, ActiveMQ.
- Cloud Platforms: AWS, Azure, Google Cloud.
- Testing Solutions: ATDD, JUnit, TestNG, Mockito, Selenium RC, Web Driver, Java, Python.

Key Projects and Partnerships:
- MyCheck:
Comprehensive product testing, including feature releases, regression, and automated testing.
- ReviewPro (a Shiji Group brand):
Continuous development and testing for a service quality analysis platform supporting global hotel chains.
- PZU:
Implementation of a bespoke insurance platform, introducing unique modules tailored for the Ukrainian market.
- IC UNIVERSALNA:
Development of a corporate information system, implementing innovative insurance solutions.
- ISK-GROUP LLC:
Creation of an internal information system for brokers working under an MLM model.
- BROKBUSINESS INSURANCE COMPANY:
From front-office solutions to a full automation system, ongoing IT support has ensured operational excellence.
- Public Union "Football Federation of Ukraine":
Development of an information system in collaboration with FIFA funding.
- Guardian & Mega-Garant:
Deployment of ProfITsoft's Front-Office and Back-Office automation solutions.
- Strikersoft LLC:
Outstaffing for projects across Sweden and the UK.

Advantages and innovations

This company combines technical expertise and innovation to deliver tailored IT solutions. Its robust stack includes Java 11+, ReactJS, and AWS, ensuring high performance and scalability. The integration of advanced tools like Docker and Selenium RC streamlines the development process, ensuring reliability and speed.

With expertise in database management systems (PostgreSQL, MongoDB, ElasticSearch) and cloud solutions (AWS, Azure, Google Cloud), the company provides end-to-end solutions that enhance operational efficiency. Its proactive approach to testing using JUnit and TestNG ensures top-quality software for its clients.
