General Information

Short summary

Today it is the largest network of sawmills in Ukraine. The client is looking for agreements for the supply of pine lumber to European countries. The sawmill has experience of cooperation with foreign customers, often supplies its sawn timber to Bulgaria and the Scandinavian countries. The company is interested in new markets for the supply of its products under distribution agreements or contracts for the supply of specific products to the customer.

Full description

Since 2007, the lumber manufacturer has been supplying sawn softwood for export on an ongoing basis. For the sale of sawn timber for export, the company has all the necessary documentation, equipment and production facilities.

Produced nomenclature of lumber for export:

edged board

unedged board

beam

dry board

dry planed board

Timber is made from material: pine

Edged board dimensions from 4 to 6 meters. Thickness from 25 to 60 mm.

The bar is offered in the following sizes:

Length - 4-4.5 meters

Section (mm) - 50*100, 50*150, 100*100, 100*150, 150*150, 100*200, 46*120

4 grades of timber are offered: 1st grade - decorative products, 2-3rd grade - construction work, 4th grade - auxiliary work.

The wooden rail is offered in the sizes of 20*40, 25*50 mm, the length is negotiated separately.

Joiner's board - 1st grade, width 50mm, length 4.5 meters

In addition, the company offers blanks for wooden pallets, without which modern logistics is impossible.

The company is interested in new markets for the supply of its products under distribution agreements or contracts for the supply of specific products to the customer.
